Good day Mr. Cedeño,

A resident of Coral Bay (Mr. Gerry Hills) has submitted a FOIA request for the Department of the Army permit application by the Sirius Development group on property owned by the Moravian Church in Coral Bay, St John. Based on earlier correspondence with you, I was under the impression that the permit application number assigned to this project is SAJ-1982-05019, however Mr. Acevedo indicated in his response that there is no permit application with that number assigned.

Can you verify the application identification number for the Sirius Marina project so that the FOIA can be corrected?

Thank you,
David Silverman
