Looks good. Per discussion with Jose, we should change the statement ref Corps would cooperate on the EA to state that FWS has requested the Corps to be a coop agency since we have not formally replied agreeing to do so.

However, if we do have such a written request, we should proceed and respond back to FWS agreeing to cooperate on the EA.

Thank you.

Greetings:

Enclosed please find the Fact Sheet that Johann and I prepared for this project, so it can be used during the Caribbean Coral Reef Partnership Meeting discussion this afternoon.

I am planning on providing copy of the Fact Sheet to the participants in the conference call to facilitate the discussion.

Please let me know if you have any comments or questions.

Thanks,
