Sindulfo, I will probably plan to attend the Coral Bay site visit. Please let me know the date ASAP.

Tori,
Yes, spoke to Os earlier and discussed the option to visit St. John during the upcoming IAM which is being scheduled for second week of Oct.

Sindulfo, the other option we discussed was you doing this during your Interagency meeting in Oct.

Hello Sindulfo, Johan and Tori -

Thanks to you all for the excellent seminar on USACE practices and policies a couple weeks ago.

Tori had mentioned to me the intention to have a visit by your senior people to Coral Bay, St. John as part of the upcoming trip to have the public meeting on Coral World, St. Thomas on Sept 25th.

We certainly think it would be worth your time to come and see the Coral Harbor bay and its

environmental and navigational characteristics as seen by those who live here and our environmental & watershed management agency.

With two marina proposals in the works, and more possible, its important that all the facts are known about the bay.

Could you please let me know what your plans are - so that we can accommodate you.

Thanks, Sharon Coldren
President, CBCC
