Attention: Mr. Jean Pierre Oriol, Acting Commissioner
Virgin Islands Department of Planning and Natural Resources
Coastal Zone Management Program

As a former resident of St.Thomas, I have seen the huge projects that have changed the Charlotte Amalie that I knew and loved. Being able to vacation on the beautiful island of St. John has been a blessing to my family and me. We were devastated when Maho Bay closed, but enjoyed Coral Bay as much or more.

A marina of this magnitude would not only be detrimental to the ecosystem of the bay, but to the whole island. St. John is a unique island, lets keep it that way.
